## Boutique Wildlife Tours

### Trip details

- Pick-up at your accommodation, approximately 11.30am - noon as specified in your itinerary (varies seasonally depending on sunset times)
- Return to your hotel approx. 10pm

## Putting the 'wild' back into Wildlife

This is an exceptional opportunity to venture into the Australian Bush in search of Australia's iconic native animals. We like to call them *Australia's Big 5!* - Koalas, Kangaroos, Platypus, Emus & Wombats - all classic Australian natives that you won't find in any other place on earth.

This is an *in-the-wild* experience, travelling to private farmland and swathes of quintessential, pristine Australian Bushland in the Southern Highlands, just 90 minutes south of Sydney. You'll travel in a luxury 4WD equipped for great wildlife-viewing with a specialist Naturalist Guide to interpret all you see. Walk through towering forests of Grey Gums in search of koalas, look for platypus along the riverbanks, and drive through woodlands and pastures as mobs of kangaroos and emus feed.

After dinner, a night-spotting foray lets you see nocturnal wombats, gliders and possums. We follow Nature's guidelines, seeking out the animals when they're most active, with a noon to evening tour that includes a light lunch and hearty country-style dinner in one of Australia's oldest country inns.

This is an exceptional way to see Australian wildlife in its natural environment.

## Trip highlights

- This is a genuine Nature trip, so every day is different. We see kangaroos, emus & wombats most days, platypus about 70% of the time, & koalas about 60% of the time. There's also a host of birdlife, as well as possums, gliders and other iconic Australian animals.
- The Australian Bush is an unexpected highlight. See and understand classic Bush in a remote location where you won't see another soul.
- You're accompanied by a Naturalist Guide to explain all you see and help you understand why Australia's wildlife & environment is so unique.

Arranged for you by:

## What to bring . . .

- A good pair of walking shoes are a must for moderate bush walking on uneven surfaces.
- Days & nights can be much cooler in the Southern Highlands. Please bring warm gear including a hat, fleece or jacket for evening spotlighting, as well as good sun protection for the day.
- You'll definitely want your camera!
- Our 4WD is customised for exceptional wildlife viewing, with sunroof, field guides, binoculars, spotlights, torches (flashlights), TV/DVD & 25x zoom video.
